

# Turn your Revlon® One-Step Volumiser Plus into a multi styler with new individual head attachments

Fans of the sensational **Revlon One-Step Volumiser Plus** can **UPGRADE** their tool to a multi-styler at the click of a button, with **four NEW head attachments** available to **purchase individually** for the first time ever!

Thanks to its detachable handle, owners of the fan favourite **One-Step Volumiser Plus** can now customise their tool, simply switching attachments to achieve multiple salon-worthy styles in just one step.

## **DRIES QUICKLY: One-Step Root-Drying Concentrator**

Unique comb design to easily reach the roots and reduce drying time for less damage. Perfectly preps the hair for long-lasting styling.

## **CREATES CURLS: One-Step 360° Vented Airflow Curler**

Evenly distributes heated air, creating shiny, loose curls with less damage than a traditional curling iron. The 32mm triple ceramic tourmaline coating helps to smooth hair and reduce frizz. Cool tip for easy grip.

## **SHAPE ENHANCER: One-Step Round Brush**

Shapes and styles, creating root volume, soft curls, flips, and waves. The 38mm ceramic coated rounded barrel reduces damage from over-styling with even heat distribution, whilst activated charcoal pins revive and refresh the style – great for dry and second day hair.

## **SMOOTHS & STYLES: One-Step Paddle Brush**

Large paddle design glides through hair to detangle, dry and smooth in up to half the time\* for lustrous, shiny hair. Even styling the back of the hair is simple! Suitable for all hair types from sleek to textured.

Great for all hair types and lengths, the individual attachments offer maximum styling versatility, creating sleek, smooth looks, bouncy curls or even voluminous blow-dries.

A great value option, with the **individual One-Step head attachments**, Revlon fans can dry and style hair faster, with less heat damage, and without having to invest in a whole new hair tool.

The single-head attachments are also compatible with Revlon's latest 3-in-1 styling tool, so you can create a complete multi styler with 5 heads.
