## Dockstream Cordless Fountain

**Fresh water here. There. Anywhere.**

The award-winning Dockstream Cordless Fountain keeps every drop fresh and flowing for your pet. With its cordless and detachable design, you can place it wherever your pet prefers to hydrate.

### KEY FEATURES

#### **UP TO 30 DAYS - Portable hydration**

With its 5,000mAh lithium-ion battery, the fountain operates for up to 30 days\* on a single charge, letting you place it virtually anywhere without wires.

#### **4-LAYER FILTRATION - Freshness in every drop**

Removes fur, odors, and heavy metals, ensuring a supply of clean and fresh drinking water.

#### **DETACHABLE TANK - Maintenance made easy**

The detachable tank with stainless steel tray simplifies everything. It's antibacterial, wear-resistant, and durable, making refills, installation, and cleaning a breeze.

#### **23dB WHISPER QUIET - You don't even know it's working**

The advanced fluid structure reduces the fountain's operating noise to a mere 23 decibels, ensuring your home remains a peaceful environment for both you and your pet.

#### **LOW BATTERY & WATER INDICATORS - Stay informed**

The 2.5L large water tank means fewer refills, and the integrated low battery and water level indicators keep you informed, so you always know when it's time to top up or recharge.

\*30-day battery life is estimated for a single-cat household and may fluctuate based on the number and behavior of pets.
