ENJOY GUILT-FREE STYLING WITH REMINGTON'S NEW HYDRALUXE RANGE THAT HELPS TO MAINTAIN HAIR'S PERFECT BALANCE OF MOISTURE

Excessive heat from years of styling can often leave hair feeling dry, malnourished and stripped of its natural moisture. With Remington's new Hydraluxe range, its Moisture Lock Technology works to preserve your hair's perfect balance of moisture, with built-in Micro Conditioners transferring straight onto your hair and forming a protective barrier that leave you with shiny, beautiful results.

The Hydraluxe range features a hairdryer, curling wand, straightener and volumising air styler, so you can achieve a whole range of looks whether it be sleek and straight, tousled beachy waves or voluminous Hollywood glamour. Helping to take the guilt out of styling, the range also uses a Hydracare Temperature Setting to allow for salon-worthy styling at a lower temperature.

Hydraluxe Straightener

Using its Moisture Lock Coated Plates, the Hydrauxe straightener helps take care of your hair whilst you style bringing together beautiful results and healthy styling. With built-in micro-conditioners preserving the hair's perfect balance of moisture, you can produce beautiful, sleek styles without worrying about the damage of excess heat on your hair.

The Hydracare Temperature Setting also allows you to style at a lower temperature of 185°C, meaning you can craft a sleek, smooth style or create the perfect curls without the worry of excessive heat damage. While working to keep your hair feeling healthy, the Ionic Conditioning in the slim, floating plates contains 90% more ions* that leave hair frizz free and with a glossy, lustrous shine.

*Hydraluxe Straightener available at Argos, Amazon & Boots
for RRP £99.99*

**Vs a standard Remington straightener*

Hydraluxe Volumising Air Styler

Creating that enviable bouncy blow-dry at home no longer has to leave you worried about excessive heat damage, as the Hydraluxe Volumising Air Styler provides the perfect companion for salon-worthy volume that maintains your hair's moisture levels.

Using the Specialised Oval Barrel that allows you to get close to the root and Combination Bristles that lift the hair, you'll be able to reach new heights with your blow dry, whilst the Air Styler's Moisture Lock Ceramic Coated Barrel transfers smoothing Micro-Conditioners onto the hair as you style. With 3 Heat and 2 Speed Settings to choose from, the Volumising Air Styler allows you to personalise your blow-dry, tailoring the experience perfectly to your hair type, and setting your new bounce in place with the Cool Shot feature.

Hydraluxe Volumising Air Styler available at Argos, Amazon & Boots for RRP £39.99

Hydraluxe AC Hairdryer

With its innovative Moisture Lock Conditioning Technology, the HYDRALuxe AC Hairdryer means you no longer have to choose between styling or air drying, when looking to keep your hair feeling nourished and healthy. Micro-conditioners are released into the powerful 2300W airflow, forming a protective barrier to preserve your hair's perfect balance of moisture whilst the Hydracare Temperature Setting styles hair at a lower temperature, evenly distributing heat through the Ceramic Grille to protect hair from any excessive high temperatures.

Perfect for a number of looks such as sleek and smooth tresses, a bouncy blow dry or even just blasting your hair dry, every styling need is covered thanks to the Hydraluxe AC Hairdryer's three attachments as well as 3 heat and 2 speed controls that allow you to choose the settings best suited to your hair type.

Hydraluxe AC Hairdryer available at Argos, Amazon and Boots for RRP £54.99

**Vs a standard Remington hairdryer*

Hydraluxe 32mm Wand

With the HYDRAluxe 32mm Wand, you can create beautiful, healthy looking, shiny curls without the worry of excessive heat damage, as the Moisture Lock Ceramic Coated Barrel works to preserve the hair's perfect balance of moisture, with its anti-slip ceramic coating transferring nourishing micro-conditioners to your hair as you style.

The anti-slip coating gives you a failsafe way to achieve those coveted beachy-style relaxed waves, stopping hair from sliding off the barrel so you can focus on creating your style. Crafting the perfect curls shouldn't have to take all day, and the Hydraluxe 32mm Wand's fast heat up function means your styling tool will be ready to use in 30 seconds, heating up to a range of temperatures from 160 – 210°C, including a Hydracare Temperature Setting of 185°C for healthier styling.

Hydraluxe 32mm Wand available at Argos, Amazon & Boots for RRP £34.99
