

## Discover Calm and Wonder with the Jellystone Baby Calm Down Bottle

Introducing the **Jellystone Baby Calm Down Bottle**, a sensory-packed experience designed to captivate and soothe your little one. Perfectly sized for babies, this mesmerising bottle comes pre-filled with sparkling water and glitter, all securely sealed for extra safety—creating a sensory haven for babies to explore in a delightful and safe way.

The swirling sparkles and shimmering colours inside the transparent bottle engage babies' curiosity, making it the perfect tummy time companion. Simply roll the bottle back and forth on a playmat, encouraging sensory development and enhancing motor skills. Available in a vibrant array of colours, the **Baby Calm Down Bottle** offers a soothing visual retreat for children of all ages, helping them unwind in moments of excitement or calm.

### **Key Features:**

- **Mesmerising Motion:** Sparkles and glitter cascade within, captivating young minds and promoting calmness.
- **Variety of Colours:** Choose from a range of vibrant hues to suit every style.
- **Safe and Durable:** Made from high-quality, baby-safe materials, designed to withstand active play.
- **Encourages Relaxation:** Gentle motion and visual stimulation provide a calming, soothing experience.
- **Portable and Versatile:** Lightweight and easy to carry, perfect for on-the-go relaxation or as a calming tool at home.
