

## Light Up the Gift Market with Glo Pals & Sensory Jars

Halilit UK is proud to present Glo Pals — the ultimate glowing gift range that blend sensory play with imaginative fun. These thoughtfully designed products offer children a magical experience, with collectable characters, cubes and sensory jars designed to support mental and emotional health.

### **Glo Pals: Light Up Every Moment**

These interactive characters and cubes automatically light-up when dropped in water, for a sensory experience that captivates and delights children from 3 upwards! Each Glo Pal is designed with a unique colour and personality with six different characters to collect. Perfect for regular play, Glo Pals offer a calming yet fun addition to bath time and are particularly helpful in helping avoid sensory overwhelm. Key features include:

- **100% Recycled Plastic:** The cubes are made from fully recycled materials, reflecting a commitment to sustainability.
- **Eco-Friendly Packaging:** Character packaging now contains 75% less plastic.
- **Purposeful Playtime:** Glo Pals support developmental benefits while captivating children's imaginations.

### **Sensory Jars: A Calming Gift of Discovery**

The new Sensory Jars make the perfect gift for anyone who could benefit from some mindful time, whether child or adult. Designed to soothe and engage, the jars are designed to be filled with water, activating the soft glowing lights which change colour when tapped lightly. You can even add your favourite items into the jars for increased familiarity and comfort. They are simple to use and endlessly entertaining:

- **Interactive Play:** Add water to bring the Sensory Jar to life, then tap to change colours—perfect for sensory play on-the-go.
- **Child-Friendly Design:** Featuring easy to grab handles, the sensory jars are an ideal companion for calming moments anywhere.
